

October Newsletter

And October came to an end!!

In Greek class, we had so much to do, starting with the Shedd Aquarium Field Trip and we all had an amazing day.

Our everyday life in the Greek class includes learning colors, numbers, songs, historical events and themes of everyday culture. Children enjoy learning through playful situations. Play dough for colours and parts of the body for the younger groups.

You can follow the links if you want to help them remember what they have been taught:

The OXI DAY, one of the most important pages in the recent Greek History, kept us and the students busy for many days, but eventually we were able to present the historical facts shortly and inclusive. The children participated with great enthusiasm. They made crafts, learned songs, dance, and historical facts. It was very touching for us to hear them singing the "Gioupi gia" song, a song about peace. Take a look at our photos and be part of the Greek class. Thank you Kyria Efi for the Greek dance.

We are looking forward for our new projects and we are ready to interplay with our students. So happy and excited for the achievements of our students.

Kyria Despoina, Kyria Eleni K., Kyria Eleni N.
