

Dear Parents,

During the month of February, we worked on our parts, poems and songs for the Greek Independence Day program. Every student is doing his/her best to memorize and perform the parts and songs they have to present the day of the program. Links to the songs are included below. Please help your students practice the songs at home.

Together with our practicing, we reviewed the previous knowledge on Greek grammar, vocabulary and speaking.

We had the chance to talk about the Greek culture, along with a costume we have during February that is called "Apokries."

We always have fun learning and expanding in our Greek language.

Have a wonderful month.
