

Ms. Dionysia's Classroom Connection

Welcome back to school!!!! We had an amazing and successful start to the new school year!!!

A Peek at the Week

Our class this week spent time sharing memories of their summer break, building our classroom community and getting to know each other.

- Summer Postcards-students created a postcard that included an illustration and a message about their summer vacation or summer memory.
- Monochromatic selfies (self portrait)-students were given mirrors to look at themselves to help them with drawing their selfies. As a class, we discussed the word monochromatic which means containing and using one color. In addition, the discussed the origin of the word. Please make sure to ask your child about their monochromatic selfie!
- Building Towers-students worked in pairs to a build tower using index cards. Teams worked together to build the tallest standing tower using index cards only. They were only able to stack an index card after they wrote a word of something they have in common. After each team build their tower they measured the height of their tower in inches!
- Lego Stem Challenge-students created a summer memory structure using legos! Please stop by our classroom to view some amazing summer memory lego structures!
- Reflective Writing-"You're off to great places! Today is your day! Your mountain is waiting, so get on your way!" - Dr. Seuss. Students were engaged in responding to the quote by Dr. Seuss. They were encouraged to critically think about the quote and write what the quote meant to them. Please make sure to ask your child about their reflective writing!

Reminders

Khan Academy-Please make sure your child has an active gmail account and password by Monday 8/27.

Snack-We will have a short snack break everyday. Please send a healthy snack with your child (no candy) and remember it must be peanut and nut free!

I'm looking forward to an amazing year!!

Ms. Dionysia
